

POOLSIDE SLIDES FOR ADVENTURE.

SPECTRUM
AQUATICS®
A PLAYCORE Company

ABOUT US

Since 1972, Spectrum Aquatics® has designed and manufactured high-quality custom rails, ADA lifts and commercial grade pool deck equipment. We are pleased to introduce an entirely new line of products to create the ultimate Aquatic Adventure Zone™ at your facility, including: poolside slides, climbing walls, zip lines, basketball equipment, and ninja courses. Spectrum has innovative products, skilled employees, knowledgeable engineers and an excellent customer service and sales staff.

Spectrum Aquatics® provides exceptional support to customers. We take pride in offering you top notch service and assisting you in finding the best solutions to meet your individual requirements. Spectrum Aquatics® strives to consistently exceed expectations and be your total solution provider. From inquiry to installation, Spectrum Aquatics® is here for you and the aquatics community.

Spectrum is highly regarded within the pool and spa industry and is acknowledged for:

- Quality products with competitive pricing
- Expedient delivery
- Leadership in innovative products
- Friendly and caring customer service
- Superior engineering and field sales support

POOLSIDE SLIDES

Make a splash with high quality, commercial grade poolside slides - fun for all ages! Spectrum Aquatics' poolside slides are available in a wide array of configurations and colors. Safety and rider experience are our top priority. These slides boast slip-resistant steps and decking, plus a variety of twists and turns to accommodate all facilities. Colorful and highly visible, poolside slides will give your pool a fresh look that will last for years to come.

Features & Benefits:

- Powder-coated steel frame
- Custom colors available to match any pool environment
- Non-slip surface on steps and deck
- Bell and socket flumes - no leaks
- Modular to fit all deck configurations
- Buildable for future flume additions

Standard Color Options:

SINGLE FLUME POOLSIDE SLIDES

Single flume triangle deck poolside slide features a single 360 ° enclosed slide flume, a triangle deck, and center steps with rails. The slide flume is fabricated from rotationally molded UV stabilized color impregnated LDPE. Custom colors are available.

Features:

- Platform height is 8'
- Flume length is 11.5'
- Deck width of slide is 13'
- Slip-resistant platform for safety
- 260 lb weight limit
- Installation available for an additional fee
- 3-year warranty when installed by a factory authorized installer
- Poolside slide structures are made to order

1810371 - SINGLE FLUME 360 ° TRIANGLE DECK

Single flume triangle deck poolside slide features a single 90 ° enclosed slide flume, a triangle deck, and center steps with rails. The slide flume is fabricated from rotationally molded UV stabilized color impregnated LDPE. Custom colors are available.

Features:

- Platform height is 8'
- Flume length is 14.5'
- Deck width of slide is 19.75'
- Slip-resistant platform for safety
- 260 lb weight limit
- Installation available for an additional fee
- 3-year warranty when installed by a factory authorized installer
- Poolside slide structures are made to order

1810547 - SINGLE FLUME 90 ° TRIANGLE DECK

DOUBLE FLUME POOLSIDE SLIDES

Features:

- Flumes are fabricated from rotationally molded UV stabilized color impregnated LDPE
- Custom colors are available
- Slip-resistant platform for safety
- Installation available for an additional fee
- 3-year warranty when installed by a factory authorized installer
- Poolside structures are made to order

Double flume half hex deck poolside slide features two 90° enclosed slide flumes, a half hex deck, and center steps with rails.

Features:

- Platform height is 8'
- Deck width of flumes is 35.75'
- 260 lb weight limit
- Slide curve: twist

1810555 - DOUBLE FLUME-90°/90° - HALF HEX DECK

Double flume half hex deck poolside slide features one 360° and one 90° enclosed slide flume, a half hex deck, and center steps with rails.

Features:

- Platform height is 8'
- Deck width of flumes is 24' 2"
- 260 lb weight limit

1810549 - DOUBLE FLUME-90°/360° - HALF HEX DECK

Double flume triangle deck poolside slide features one 360° and one 90° enclosed slide flume, a triangle deck, and center steps with rails.

Features:

- Platform height is 8'
- Deck width of flumes is 22.5'
- 260 lb weight limit

1810548 - DOUBLE FLUME-90°/360° - TRIANGLE DECK

DOUBLE FLUME POOLSIDE SLIDES

Double flume half hex deck poolside slide features two 360 ° enclosed slide flumes, half hex deck, and center steps with rails.

Features:

- Platform height is 8'
- Deck width of flumes is 15'
- 260 lb weight limit

1810373 - DOUBLE FLUME- 360°/360° - HALF HEX DECK

Double flume dual triangle deck poolside slide features one 180 °and one 540° enclosed slide flume, two triangle deluxe decks, and center steps with rails.

Features:

- Platform height is 8'
- Deck width of flumes is 20.75'
- 260 lb weight limit

1810557 - DOUBLE FLUME- 180°/540° - DUAL TRIANGLE DECK

QUAD FLUME POOLSIDE SLIDES

Quad flume half hex deck poolside slide features two 90 °and two 360° enclosed slide flumes, half hex deck, and center steps with rails.

Features:

- Platform height is 8'
- Deck width of flumes is 33.75'
- 260 lb weight limit

1810552 - QUAD FLUME- 90°/360° - HALF HEX DECK

Quad flume half hex deck poolside slide features four enclosed slide flumes with varying degrees of turns, half hex deck, and center steps with rails.

Features:

- Platform height is 8'
- Deck width of flumes is 47'
- 260 lb weight limit

1810556 - QUAD FLUME- SUPREME HALF HEX DECK

FAQS

Q. What are the flow rates?

A. The flumes are supplied by 3/8" tubing and only require a small flow to minimally wet the flume.

Q. How many gallons per minute can the supply tubing support?

A. The water supply tubing can handle approximately 5 gpm of flow.

Q. What type of warranty is available when the poolside slide is installed by an approved installer? How does one become an authorized installer and what are the warranty terms?

A. When installed by a factory approved installer, Spectrum's poolside slide warranty will apply. To request a copy of the warranty, please contact the Spectrum sales team. In order to become a certified installer, one must complete several installations alongside an approved installer to learn the critical portions to become certified.

Q. Is the steel powder-coated?

A. Yes, all of our models come powder-coated. This is not an optional feature.

Q. Is a certification required for the poolside slide after the installation and before use?

A. Typically, inspections are completed by the local building or health inspector. Spectrum's only requirement is that the installation is completed by an approved installer.

Q. Is safety signage included in the purchase of a poolside slide?

A. Yes, safety signage with baseline usage recommendations is provided.

Q. What is the pool depth requirement?

A. Our baseline recommendation is 3' 6", however please defer any depth requirements set forth by state or local code legislation.

Q. Are the poolside slides manufactured in the U.S.?

A. Yes, all portions are manufactured inside of the PlayCore family of brands in the United States.

Q. Are there other color options available outside of the standard options?

A. Yes, custom color options are available at an additional cost.

Q. Are there any accessories available?

A. Yes, accessories are available at an additional cost, the palm tree toppers shown in some of our photos is one of them. Please contact us to discuss options available to you.

FAQS

Q. Do the support columns and stairs require thickened concrete slabs?

A. Not in our experience. These slides have been in the market for about 12 years and have been successfully retrofit onto many typical existing slabs. For new construction, the engineer may make a requirement but that would be at their discretion.

Q. How do you regulate usage with no guard at the top?

A. Several models to provide room for a guard at the top, but since they are not amusement slides they typically don't require stringent levels of monitoring.

Q. The quad flume slide half hex deck terminations look too close together.

A. That may be the case in some areas. The rules for termination separation can vary greatly. We have seen exemptions for situations where only a single rider is using the slide at a time.

Q. What are the support columns made of?

A. The slide platforms and staircases are supported by 5" x 0.120" ATSM A500 steel. All columns are thoroughly blasted, cleaned, and coated with a super-durable TGIC coating to inhibit corrosion. All columns are supplied with the appropriate fittings to securely close any open ends.

Q. What are the slide platforms made of?

A. The slide platforms are constructed of 12ga ASTM A1011 steel sheet. All platforms are thoroughly blasted, cleaned, and encapsulated in a dip applied Plastisol coating to inhibit corrosion. The platforms feature a perforated pattern to provide adequate traction and drainage.

Q. What are the slide flumes made of?

A. Slide flume sections and tower panels are fabricated from rotationally molded UV stabilized and color impregnated LDPE. Flume section interfaces are ball and socket construction to ensure water-tight connections.

Q. How are the flumes supported?

A. Slide flumes are adequately supported by saddle style support posts to ensure safe and consistent operation. Flume supports are constructed from 1.9" x 0.145" ASTM A500 steel posts with aluminum support saddles and adjustable fittings.

Q. What do you use for the hardware?

A. All fasteners are constructed of 300 series stainless steel. All exposed fastener threads are covered with appropriate caps or hardware.

Q. Can I create a custom poolside slide?

A. Yes, custom slides are available.

ABOUT OUR PARENT COMPANY

PlayCore is a purpose-driven company that develops leading research and a complete portfolio of innovative products, programs, and services to build healthy communities through play and recreation. Learn more at www.playcore.com.

THE PLAYCORE AQUATICS GROUP

The PlayCore Aquatics Group is the ultimate resource for creating all of your aquatic experiences. We specialize in providing your facility with unparalleled support throughout your entire journey in selecting the right amenities for your facility including architectural and interactive water features, water play, aquatic competition, compliance, safety, adventure play, and ongoing maintenance. Our team of experts is committed to making your dream a reality and will work with you to find exactly what you need (even if it's a custom solution), at a price point that meets your budget requirements.
