

SPECTRA-CLEAN®

Although stainless steel is a corrosion resistant alloy, it may display rusting characteristics under certain conditions. Minimize the potential for corrosion with routine use of our Spectra Clean® Systems. Simply wipe down steel surfaces with Spectra Clean® and rinse with unchlorinated water to bring back the original finish.

DESCRIPTIONS:

- 47906 - Spectra-Clean® System 1 is for daily use (4-pack, 22 oz each)
- 47905 - Spectra-Clean® System 2 is used for extreme cleaning (1 gallon)
- 47906 - Spectra-Clean® System 3 is used for severe cleaning (1 gallon)

Part #47906 | 47905 | 47904
