

AQUATIC LIFTS

TRAVELER[®] BP500

The Traveler[®] BP500 is a wireless battery powered lift that is self operable from the deck and water with a robust operating system. The Traveler[®] can accommodate most decks and gutter setbacks for both in- and above-ground pools. This lift is a great option for therapy pool applications.

FEATURES:

- 500 pound lifting capacity
- 90 lifts per battery charge
- Rotationally and vertically powered with 360° continuous power rotation
- Spacious seat with excellent lumbar support and ease of transfer
- Stainless steel construction (electropolished 304L grade)
- Accommodates setback of 6" to 33" and water draft up to 12"
- Easy to install, even into existing concrete decks and anchors
- Powder coating availability to match any pool setting
- Optional upgrade to 316L stainless steel (140290)

INCLUDES:

- 5 year structural warranty
- 2 year electronics warranty
- Stabilizer bar for transfer
- Spectra Shield[®] coating for maximum corrosion protection
- 24 volt battery and charger
- 2 watertight wireless remote controls
- Adjustable swing-out footrest
- Flip-up armrests with non-slip grip
- Padded headrest
- Seatbelt

NOTES:

- Anchor sold separately
- 316L upgrade available
